

We're hiring:

Nursery Attendant at PUMC in Peterborough

We would like to return to a fully staffed nursery to support parents with small children that come to services. We believe our church family will be more inviting with a nursery available to watch over infants and toddlers. A nursery provides parents the opportunity to relax, enjoy, and participate in our services.

We would love to have an individual who has experience working with children that could spend two hours with us each Sunday morning.
